Debt Recovery Procedures/Guidelines Manual for Queensland Businesses

An essential reference guide for every business, large or small.

The Queensland Magistrates Court Debt Recovery Procedures/Guidelines Manual is an essential reference guide for every business confronting the problem of **outstanding debts**.

The Manual is a **step-by step guide** to the procedures undertaken in the Queensland Civil & Administrative Tribunal for the recovery of what are termed 'small' (i.e. under \$25,000) debts. Containing sample letters for use in the instruction of bailiffs, and references to relevant legislation, the Manual is aimed at assisting those engaged in recovering debts to avoid mistakes commonly made and **streamline the debt recovery process**.

Compiled by Patrick Asange, former senior bailiff of the Brisbane Magistrates Court. Contents are current as at Oct 2015. Includes references to source legislation and Practice Directions subject to change.
